## 1. Team Information

### 1.1 Team Name

Misfits

### 1.2 Team Member

|                       |         |
|-----------------------|---------|
| Semih Energin         | se2302  |
| Richard Michael Boyle | rmb2189 |
| Ryan Jones            | rlj2122 |
| Jian Bao              | jb3381  |

## 2. User Manual

After starting up the app, click the displayed “login” button to initiate the login process.  
See figure 1.

After initiating login, enter your Facebook email and password for authentication.  
(Please be aware that the “Keep me logged in” feature will locally store your email and password)

The image shows a Facebook Login dialog box. At the top, there is a blue header with the Facebook logo and the text "Facebook Login". Below the header, there is a message: "Log in to use your Facebook account with se2302Final." Underneath this message, there are two input fields: "Email:" and "Password:". Below the "Password:" field, there is a checkbox labeled "Keep me logged in" and a link that says "Forgot your password?". At the bottom of the dialog box, there is a blue button labeled "Log In" and a grey button labeled "Cancel". On the left side of the bottom bar, there is a link that says "Sign up for Facebook".

After successful login, the main application page is presented with the following:

- a. a search area  
The search area has consist of a search bar and four filter buttons. While finish entering the keywords you want to search, click one of the four buttons for searching and filtering.
- b. the facebook personal page information  
Only show as the main page, containing your personal information, which will change to details of target profile searched.
- c. a coverflow viewing  
Display your own picture while logging in, which will change to cover flow style picture gallery diplays pictures searched related to persons or events or anything else.
- d. a Search List  
List the names of the results searched.
- e. a Bookmarks List  
List the names of the results registered by user.
- f. a “logout” button  
Used for user logging out.
- e. “Help” button

This five functional areas illustrated in the following figure.

From the main application, the following primary actions can be performed

- Search using a query and viewing the results
- Viewing information for a specific result
- Adding the result to a shortcut list

## SEARCHING WITH A QUERY

Now I want to search a girl I met today in a conference, I type in her name “Selina” and

click the “People” Button for people searching exclusively. The Search Result List will display the persons’ names you most likely know. When you click a name in the list the cover flow area will highlight the selected user and the information area will give you the information related to this person (the amount of information you can get determined by the privacy level of the person).

Selection can also be performed by clicking nearby coverflow images

## VIEWING INFORMATION FOR A SPECIFIC RESULT

The bottom portion of the screen shows information for the currently selected item.

## USING THE SHORTCUT LIST

When I am interested in a person and want to see his/her profile later, I could simply click the “Add to Bookmarks List” button to register this profile. The registered profiles will show in the Bookmarks List. On the other hand, if you click the profile that has been registered in the Bookmarks List again, the original “Add to Bookmarks List” button turns to “Remove from Bookmarks List”.

Once “add to Bookmarks” as been clicked, the item appears in the Bookmarks list and can be conveniently selected.

Logout can be performed by clicking the associated icon in the upper right side of the screen. To navigate back to your profile, click the profile image icon in the upper right.
